PERMIT CONDITIONS ON REVERSE SIDE!

PERMIT CONDITIONS

This permit shall be valid for a limited time, not in excess of fifteen (15) days, which shall be determined by the Borough of Bedford on the basis of the scope of the work being undertaken, and the inconvenience to the public involved, and such time limit shall be stated on the permit. Under special circumstances, a permit may be extended beyond the original time limit with approval of the Borough of Bedford, for a fee.

The building material or dumpster shall occupy only such portion of the street and/or sidewalk specified in the permit.

Such building material or dumpster shall be placed so as not to interfere with drainage of any street or sidewalk or with access to any fire hydrant.

Such building material shall be arranged in a regular, neat, compact form so as to occupy a minimum of space and present the least risk of falling, sliding or scattering.

The holder of such permit shall be liable for all damages, losses, costs or expenses that are or may be considered by reason of the placing or storage of such material or dumpster upon the street or sidewalk.

The holder of such permit shall be responsible for placing barriers, guards and warning lights in the vicinity of or around such material or dumpster so as to prevent injury to persons and property.

On or before the date of expiration of such permit, all such material or the dumpster shall be removed from the street and/or sidewalk and the street and/or sidewalk shall be restored to the condition in which it was immediately prior to such storage, in default of which the same shall be deemed abandoned property and the Borough of Bedford may cause the same to be removed with the expense of such removal plus ten (10%) percent payable by the holder of such permit, and collected in any manner provided by law.

It shall be the joint responsibility of the property owner, the contractor or subcontractors using the building materials or dumpster and the supplier of the building materials or dumpster to insure that a valid permit is obtained and that all permit terms are fulfilled.

Any person who shall violate any of the aforementioned conditions shall, upon conviction thereof, be sentenced to pay a fine not more than six hundred (\$600.00) dollars, and in default of payment, to imprisonment for a term not to exceed thirty (30) days. Each day that a violation of this ordinance continues shall constitute a separate offense.
